

Summary
Department of Community Correction (DCC)
Administrative Regulation 1.3 Web Site Privacy Policy

This policy informs the public about how we protect the privacy of people who visit the agency web site. The policy informs the public about what information is collected and how it is used. The policy requires the agency information technology administrator to provide a machine readable privacy policy that complies with State law and guidance provided by the Office of the State Executive Chief Information Officer. The machine readable policy must be compatible with the written statements in the policy.
